

Regular Session, 2009

HOUSE BILL NO. 2

BY REPRESENTATIVE GREENE

ACT No. 20

1 AN ACT

2 To provide with respect to the capital outlay budget and the capital outlay program for state
3 government, state institutions, and other public entities; to provide for the
4 designation of projects and improvements; to provide for the financing thereof
5 making appropriations from certain sources; and to provide for related matters.

6 Be it enacted by the Legislature of Louisiana:

7 Section 1. The following sums or so much thereof as may be necessary are hereby
8 appropriated out of any monies in the state treasury from the sources specified, from federal
9 funds and self-generated revenues belonging to the state of Louisiana and/or collected by
10 boards, commissions, departments, and agencies thereof, all for making capital outlay and
11 for the purposes and in the amounts specified herein for the Fiscal Year commencing July
12 1, 2009, and ending June 30, 2010, subject to the conditions thereafter provided:

13 A project with funding payable from General Obligation Bonds Priority 1 indicates
14 that the funding for the project includes the reauthorization of funding which was previously
15 on a line of credit granted by the State Bond Commission in Fiscal Year 2008-2009. As
16 used in this Section, the term "general obligation bonds" means state general obligation
17 bonds or other evidences of indebtedness payable from the Bond Security and Redemption
18 Fund. The amount set forth in this Section opposite each project, or so much thereof as may
19 be necessary, is hereby appropriated and payable from the proceeds available from the sale
20 of general obligation bonds, unless a different source of funding is indicated. Where such
21 a different source of funding is indicated, the corresponding amount set forth, or so much
22 thereof as may be necessary, is hereby appropriated and payable from the source of funding
23 indicated; provided, however, amounts appropriated and payable from federal funds may be

1 encumbered or expended only to the extent such amounts shall have been committed or
2 received. Pursuant to the provisions of R.S. 39:82, funds for planning, acquisition,
3 construction, and major repair projects appropriated by this act may be retained until
4 completion of the project, even if no bona fide liability exists on the last day of the fiscal
5 year.

6 This Act shall constitute the comprehensive state capital outlay budget for the 2009-
7 2010 Fiscal Year. Projects set forth which are payable from the proceeds available from the
8 sale of general obligation bonds shall have the priorities as indicated. The Request for Line
9 of Credit form used by the Attorney General and Bond Counsel in evaluating Louisiana
10 Constitutional, Internal Revenue Code, and applicable income tax regulations shall be filed
11 with the Commissioner of Administration, State Bond Commission, and State Attorney
12 General. No general obligation bonds shall be sold, nor cash lines of credit granted to fund
13 any lower priority project prior to the sale of general obligation bonds or the granting of cash
14 lines of credit to fund all higher priority projects (the "general rule"), except as hereinafter
15 provided. This prohibition against funding a lower priority project shall not apply upon a
16 showing of an impossibility or impracticality either to proceed with all unfunded higher
17 priority projects or to proceed with the funding of such projects or any part thereof through
18 the issuance of general obligation bonds for any reason. Such showing shall be stated in
19 reasonable detail in a certificate or certificates signed by the state agency responsible for
20 administering the funding, and filed with the Commissioner of Administration and the State
21 Bond Commission (hereinafter referred to as "the Commission"). Upon a determination by
22 the Commission that proceeding with such a project or the funding thereof through the
23 issuance of general obligation bonds is impractical or impossible, the Commission may then
24 proceed with the sale of general obligation bonds or the granting of cash lines of credit
25 without regard to the priority of the unfunded projects determined to be impossible or
26 impractical.

27 Upon recommendation by the state agency responsible for administering the funding,
28 if it is determined at any time that proceeding with the project or with the funding thereof
29 is no longer impossible or impractical, the State Bond Commission may rescind the
30 certificate of impossibility or impracticality and may proceed with the project or with the
31 issuance of general obligation bonds or the granting of cash lines of credit to fund the

1 project. Alternatively, the Interim Emergency Board (hereinafter referred to as "the Board"),
2 upon reviewing certificates as described above and determining that proceeding with such
3 project or the funding thereof through the issuance of general obligation bonds is impossible
4 or impractical, may designate a lower priority for such project. The Board's determination
5 and lower priority designation shall be submitted to the members of the Legislature for their
6 approval in accordance with the provisions of Chapter 3-B of Subtitle I of Title 39 of the
7 Louisiana Revised Statutes of 1950. In accordance with the provisions of Chapter 3-B of
8 Subtitle I of Title 39 of the Louisiana Revised Statutes of 1950, whenever at the written
9 request of the appropriate legislators and agency, the Board determines that an adjustment
10 to a project description originally set forth in such capital budget adopted by the Legislature
11 for a current fiscal year is necessary to correct a mistake in a project description, clarify a
12 description, change the scope of a description, or make any other adjustment the Board
13 deems necessary to implement the purpose of the project, such adjustment shall only become
14 effective upon the approval by majority vote of the elected members of each house of the
15 Legislature in the manner provided for in Chapter 3-B of Subtitle I of Title 39 of the
16 Louisiana Revised Statutes of 1950.

17 If such approval is granted, notification by the chair or secretary of the Board of the
18 results of the balloting shall be transmitted to the State Bond Commission, which may then
19 proceed with the sale of general obligation bonds or the granting of cash lines of credit for
20 each change approved upon request of the Commissioner of Administration in accordance
21 with the general rule.

22 With respect to Priorities 1 through 5, a lower priority project may be moved to a
23 higher priority only upon a showing of an emergency or other cause not reasonably
24 anticipated by the Legislature, which shall be stated in reasonable detail in a certificate
25 signed by the head of the appropriate department, political subdivision, or agency and filed
26 with the Commissioner of Administration and the Board. Upon a determination by the
27 Board that such project should be moved to a higher priority because of an emergency or
28 other cause not reasonably anticipated by the Legislature, the Board shall designate a higher
29 priority to the project. The matter then shall be submitted to and be subject to the same
30 approval by the members of the Legislature in the manner previously indicated in this
31 Section. If such approval is granted, notification by the chair or secretary of the board of the

1 change of priority shall be transmitted to the State Bond Commission, which then upon
2 request of the Commissioner of Administration, may proceed with the sale of general
3 obligation bonds or the granting of cash lines of credit in accordance with the general rule.

4 As to projects within a priority, the State Bond Commission acting on requests submitted by
5 the Commissioner of Administration shall determine when such project, or phases thereof,
6 shall be funded. In making such determination, the State Bond Commission shall consider
7 the amount of proceeds of general obligation bonds to be made available in light of money
8 and capital market conditions; the expenditure requirements of the project; the time required
9 for architectural plans and drawings, public bidding, and site acquisition and preparation;
10 availability of receipt of federal monies; litigation affecting the undertaking or completion
11 of a project, federal tax laws and regulations regarding the sale of municipal bonds; and
12 other items of a similar nature bearing upon the possibility or the necessity to commence a
13 project or any particular phase thereof.

14 Any other provision of this Act to the contrary notwithstanding, projects described
15 in Priority 5 of this Act shall not be moved to a higher priority except upon one of the
16 following conditions: (1) Funding is necessary to complete or additionally fund a project
17 located elsewhere in the capital outlay act. Determination of such condition shall be made
18 by the head of the appropriate department or agency by means of a certificate to that effect
19 filed with the Interim Emergency Board, who shall, by mail ballot, request approval of such
20 change and if approved by a majority of each house of the Legislature it shall be funded, or
21 (2) unless required by an emergency or other cause not reasonably anticipated by the
22 Legislature, to be in accordance with procedures set forth in this Section. However, the State
23 Bond Commission may authorize a non-cash line of credit for any project in Priority 5 which
24 represents that portion of construction contracts which were let during a previous fiscal year,
25 or construction contracts which will be let during the current fiscal year, but which will not
26 require cash expenditures during the year. Such non-cash lines of credit, when combined
27 with previously sold bonds or with higher priority bonds or lines of credit, or with funds
28 appropriated from other sources, will provide sufficient appropriated funds to award
29 equipment or construction contracts. Contracts shall not be awarded without approval of the
30 Division of Administration.

1 Upon approval by the State Bond Commission, and subject to compliance with its
2 policies and procedures and the procedures set forth herein, a line of credit providing for the
3 use of funds in anticipation of the sale of general obligation bonds may be granted to the
4 appropriate administering agency or department from the Comprehensive Capital Outlay
5 Escrow Account, or if there is not a sufficient amount available in such account, from other
6 available state cash in the state treasury, for capital improvement projects for which bond
7 proceeds are appropriated by a current capital budget, prior to the actual issuance of bonds
8 for such projects, unless the attorney general advises that an impediment exists to the valid
9 issuance of the bonds on the date such line of credit is granted.

10 All bonds that are to be repaid, in whole or in part, by revenues generated by the
11 project shall be designated as "Reimbursement Bonds". The State Bond Commission shall
12 enter into such agreements as are necessary to provide that the agency or subdivision, whose
13 project is reimbursable, shall pay the bond debt costs into the Bond Security and Redemption
14 Fund. Such costs may be paid annually or at the end of the term of the bonds issued as
15 determined by the State Bond Commission.

16 Priority 1 general obligation bond funding shall be limited to:

17 (1) Projects and amounts which were previously authorized by Act 29 of the 2008
18 Regular Session of the Legislature; and which were granted cash lines of credit by the State
19 Bond Commission. The bonds to fund these projects were not sold in Fiscal Year 2008-
20 2009.

21 (2) The reauthorization of the portion of the outstanding Fiscal Year 2008-2009
22 Priority 5 Non-Cash Lines of Credit for projects which will require cash expenditures in
23 Fiscal Year 2009-2010 and therefore must be converted to Cash Lines of Credit in Fiscal
24 Year 2009-2010.

25 (3) Commitments made in the Higher Education Desegregation Settlement
26 Agreement.

27 Priority 2 general obligation bond projects are for the completion of plans and
28 specifications, land acquisition, site preparation, or for construction which will begin during
29 the fiscal year. It is presently anticipated that the listed projects will require the sale of
30 bonds or extension of lines of credit during the fiscal year after adoption of this Act.

1 Priority 3 general obligation bond projects are for the preparation of plans and
2 specifications, land acquisition, site preparation, or for construction and shall be limited to
3 funding for the portion of construction contracts which will not require cash expenditures
4 during the fiscal year. The projects in this category shall be considered future year projects
5 in the State's five year capital outlay plan. It is presently anticipated that the listed projects
6 will not require the sale of bonds or extension of lines of credit during the fiscal year.

7 Priority 4 general obligation bond projects are for the preparation of plans and
8 specifications, land acquisition, site preparation, or for construction and shall be limited to
9 funding for the portion of construction contracts which will not require cash expenditures
10 during the fiscal year. The projects in this category shall be considered future year projects
11 in the State's five year capital outlay plan. It is presently anticipated that the listed projects
12 will not require the sale of bonds or extension of lines of credit during the fiscal year.

13 Priority 5 general obligation bond funding shall be limited to funding for the portion
14 of construction contracts which will not require cash expenditures during the fiscal year.
15 These funds, when combined with previously sold bonds or with higher priority bonds on
16 lines of credit, or with funds appropriated from other sources, will provide sufficient
17 appropriated funds to award contracts. Non-cash lines of credit shall be required prior to the
18 award of these contracts.

19 In accordance with the cash management plan adopted pursuant to R.S. 48:251(D)
20 and the provisions of Act 161 of the 1998 First Extraordinary Session, the Department of
21 Transportation and Development is authorized to enter into contracts or agreements for
22 construction of projects approved pursuant to the Highway Priority Program, Airport
23 Construction and Development Priority Program, Port Construction and Development
24 Priority Program, and Statewide Flood Control Program for projects bid and awarded,
25 authorized, or commenced during the fiscal year which do not require cash expenditures for
26 the full contract or agreement amount.

EXECUTIVE DEPARTMENT**01/107 DIVISION OF ADMINISTRATION**

(15) Repair, Restoration and Replacement for Hurricanes Katrina, Rita, Gustav, and Ike, Planning, Construction, Renovation, and Acquisition (Statewide)

(1874)	Coastal Restoration and Management Projects in accordance with the Coastal Protection Plan (Statewide) Payable from State General Fund (Direct) Non-Recurring Revenues	
		<u>\$ 290,000,000</u>

Provided, however, that this appropriation shall only be used and expended for federally authorized projects for hurricane protection and associated measures to restore coastal lands and wetlands, including barrier islands, freshwater diversions and marsh creation. \$20,000,000 shall be reserved and dedicated as an emergency reserve for hurricane protection and coastal restoration. Any monies for a project which has not been deemed an emergency by the Coastal Protection and Restoration Authority (the authority) shall be available only for those projects identified in Louisiana's Master Plan for a Sustainable Coast and the annual subset of such plan approved by the Legislature. Provided further, that any work associated with the expenditure of funds approved by the authority and otherwise consistent with this paragraph, at the discretion of the Coastal Protection and Restoration Authority, shall be carried out by the Department of Natural Resources or the Department of Transportation and Development. Approval of the Joint Legislative Committee on the Budget shall be obtained prior to the obligation or commitment of any funds appropriated herein for a project which has been approved by the authority.

33 Section 2. The expenditure of funds appropriated in this Act, except appropriations

34 made to non-profit economic development corporations, shall be in conformity to all existing

35 statutes relative to public bidding, contractual review, and R.S. 39:101 through 128 and any

36 other statutes affecting the capital outlay program for state government, state institutions,

37 and political entities. No contract shall be awarded for any project prior to the granting of

38 a line of credit or the sale of bonds by the State Bond Commission, determination by the

39 State Treasurer that cash funding is available in the Comprehensive Capital Outlay Escrow

40 Account for the project, or delivery of revenue bonds whose issuance is authorized in

41 Section 1 of this Act.

1 Section 3. Payment for projects specified in this Act must be made by warrant
2 submitted to the Division of Administration, Department of Transportation and
3 Development, the State Treasurer or other administering agency as provided in Section 8,
4 whichever is appropriate, only to the extent of funds required for immediate payment.
5 Copies of invoices or other supporting documentation shall be submitted with warrants. In
6 the event that any equipment included in this Act, is procured pursuant to the provisions of
7 the State Lease Purchase Act, R.S. 39:1761 et seq., the amounts included in this Act for each
8 such piece of equipment shall not be appropriated. The provisions of R.S. 39:1771 which
9 require equipment to be leased under the State Lease Purchase Act to be included in the
10 executive budget and approved by the Legislature through inclusion in the General
11 Appropriation Act shall be considered waived upon the inclusion of such equipment in this
12 Act. Projects contained in this Act may, at the direction of the Division of Administration
13 and with the approval of the State Bond Commission, alternatively be funded through
14 financing programs heretofore or hereafter provided by a public trust and public corporation
15 duly organized pursuant to R.S. 9:2341 et seq., having for its beneficiary the State and the
16 Louisiana Local Government Environmental Facilities and Community Development
17 Authority, pursuant to R.S. 33:4548.1 et seq.

18 Section 4. If at any time during the Fiscal Year 2009-2010, the Governor should
19 find, or the Joint Legislative Committee on the Budget or the Commissioner of
20 Administration should report to the Governor, that the receipts of the treasury are falling
21 short or appear likely to fall short of the revenue estimates for the fiscal year and that a cash
22 deficit is likely to be incurred, the Governor shall take such steps as deemed necessary to
23 prevent the occurrence of a cash deficit. In the event that a capital outlay project funded in
24 this Act falls under an agency which is abolished or for which funds are not appropriated in
25 the 2009-2010 General Appropriation Act, then the funds appropriated in this Act for such
26 capital outlay projects shall not be expended unless deemed necessary by the Governor to
27 protect life or property. In the event that legislation is enacted which transfers facilities or
28 programs for which projects are funded in this Act, on behalf of one agency, institution,
29 department, or management board to another agency, institution, department, or management
30 board, then the projects in this Act shall be deemed transferred also.

1 Section 5. All monies appropriated by this Act and any applicable funds of a prior
2 capital outlay budget act adopted by the Legislature shall be deposited by the State Treasurer
3 in the Comprehensive Capital Outlay Escrow Account, established by this Section, in the
4 state treasury. In accordance with R.S. 36:768, no later than 60 days following the end of
5 each quarter, the state treasurer shall report to the Joint Legislative Committee on the Budget
6 and the commissioner of administration, all funds contained in the Miscellaneous Fund of
7 the Comprehensive Capital Outlay Escrow Account. Notwithstanding any provisions
8 contained herein or other law to the contrary, any original issue premium or accrued interest
9 proceeds received pursuant to the sale of general obligation bonds shall remain on deposit
10 to the credit of the Bond Security and Redemption Fund until such time as they may be
11 utilized in accordance with U.S. Department of Treasury Regulations promulgated pursuant
12 to the Internal Revenue Code of 1986. All such monies shall be administered according to
13 the particular act pertaining to the fiscal year in which such monies were appropriated. If
14 it is determined by the Director of the Office of Facility Planning and Control, Division of
15 Administration, that the funds appropriated by this Act or any prior capital outlay budget act
16 are not sufficient to complete the projects contained in any capital outlay budget act, through
17 unavoidable deficiencies in appropriation, including administrative and legal requirements,
18 the Commissioner of Administration, subject to approval of the Joint Legislative Committee
19 on the Budget, may direct the use of interest earned from the investment of general
20 obligation bond or note proceeds in the Comprehensive Capital Outlay Escrow Account, not
21 to exceed an aggregate of five million dollars in any one fiscal year, for the purpose of
22 completing the projects contained in any capital outlay budget act and such money shall be
23 deemed appropriated in specific amounts necessary for such purpose. All appropriations in
24 this Act which are made as additions to funds for previously authorized projects shall be
25 included, for accounting purposes, in the account of said previously authorized projects. If
26 it is determined by the Director of the Office of Facility Planning and Control, Division of
27 Administration, that it is cost effective and practical to combine individual appropriations,
28 the Commissioner of Administration, subject to the approval of the Joint Legislative
29 Committee on the Budget, may direct that two or more appropriations or parts thereof may
30 be combined into a single project for accounting and audit purposes. The Commissioner of
31 Administration may direct that funding in the various statewide and/or multiple parish

1 projects for improvements for state facilities may be transferred to any project, in this Act
2 or any previous Capital Outlay Act, which require supplemental funding for improvements
3 for state facilities which qualify for funding through the various statewide and/or multiple
4 parish projects for improvements for state facilities. The Office of Facility Planning and
5 Control of the Division of Administration is authorized to receive settlements and vendor
6 rebates not in excess of \$50,000 unless approved by the Joint Legislative Committee on the
7 Budget, and to add those receipts to the funding for projects in this Act or any previous
8 Capital Outlay Act for which project funds are received. The Office of Facility Planning and
9 Control in the Division of Administration is authorized to receive insurance payments and
10 are hereby authorized to immediately repair facilities that suffer insurance losses without
11 those projects being included in the Act and shall report to the Joint Legislative Committee
12 on the Budget any expenditures from insurance funds received pursuant to this section. A
13 portion, as determined by the Commissioner of Administration and not to exceed one percent
14 (1%), of the funding for projects which qualify for the Percent for Art program, may be
15 transferred from the qualifying project budgets, to the Department of Culture, Recreation and
16 Tourism for costs of acquiring art and administering the program. For all Percent for Art
17 program projects in this or any previous capital outlay, up to ten percent (10%) of the
18 aforementioned one percent (1%) may be used for the costs of administering the projects.

19 Section 6. Prior to March 1, 2010, the Commissioner shall submit to the Legislature,
20 in addition to the projects required to be reported by R.S. 39:105, a list of projects that are
21 completed and the cash balances remaining in each project.

22 Section 7. The Commissioner of Administration, with the approval of the Joint
23 Legislative Committee on the Budget, is authorized to supplement or substitute the
24 appropriations specified in this or previous capital outlay acts with any federal or other funds
25 which are or may become available and such funds shall be deemed appropriated in specific
26 amounts necessary for the purposes of this Act. Any funds received by the State Bond
27 Commission as a result of a prepayment of reimbursement contracts as authorized by law
28 and the Policy and Procedure for Reimbursement Contracts of the Department of Treasury,
29 Office of State Bond Commission, shall be deposited as set forth in such Policy and
30 Procedure and shall be deemed available and appropriated in specific amounts necessary for
31 the purposes of this Act pursuant to the procedure set forth in this section.

1 Section 8. All of the funds herein appropriated, except for appropriations made to
2 the Department of Military Affairs, the Legislature, the Louisiana Stadium and Exposition
3 District, the Department of Economic Development prior to the 2004 Regular Legislative
4 Session, the Department of Economic Development for the Aerospace Manufacturing
5 Infrastructure appropriation, the Department of Economic Development for the Automotive
6 Manufacturing Infrastructure appropriation, the Department of Economic Development for
7 the LITE Equipment appropriation, the Department of Economic Development for the
8 Louisiana Gene Therapy Consortium appropriations, the Department of Economic
9 Development for the Economic Development Award Program, the Department of Economic
10 Development for the Bulk Grain Elevator appropriation, the Division of Administration for
11 Supplemental State Funds for Local Government Assistance Program, Department of
12 Natural Resources for the Coastal Restoration and Management Projects appropriation, or
13 the Department of Transportation and Development, shall be considered as having been
14 appropriated directly to the Office of Facility Planning and Control, Division of
15 Administration, and all projects herein authorized and funded shall be subject to the
16 provisions of R.S. 39:101 through 128. In the event that House Bill 833 of 2009 is enacted
17 creating the Office of Coastal Protection and Restoration in the Office of the Governor and
18 facilities or programs for which projects are funded in this Act are transferred to that office,
19 then the projects in this Act shall be deemed transferred also. Further, any appropriations
20 made for these projects shall be considered as having been appropriated to the Office of
21 Coastal Protection and Restoration. All of the funds herein appropriated under the name of
22 non-state entities, shall be considered as having been appropriated directly to the Office of
23 Facility Planning and Control, Division of Administration, and shall be administered by the
24 Office of Facility Planning and Control, Division of Administration, under cooperative
25 endeavor agreements. All cooperative endeavor agreements for non-state entities which are
26 political subdivisions shall be prepared by the Office of Facility Planning and Control and
27 the Commissioner of Administration is hereby authorized and directed to effectuate any
28 necessary transfer of funds from the Department of Justice to the Office of Facility Planning
29 and Control in order to accomplish this purpose. However, all cooperative endeavor
30 agreements between the Department of Transportation and Development and non-state
31 entities entered into prior to the passage of this Act shall continue to be administered by the

1 Department of Transportation and Development. Cooperative endeavor agreements entered
2 into pursuant to this Act, and approved by the Commissioner of Administration or his
3 designee, or the Secretary of the Department of Transportation and Development for projects
4 appropriated to or administered by the Department of Transportation and Development, shall
5 not be required to be submitted to the Division of Administration, Office of Contractual
6 Review. For all projects in this or any previous Capital Outlay Act appropriated to the
7 Office of Facility Planning and Control, Division of Administration, including those
8 administered by cooperative endeavor agreements, up to six percent of each line-item may
9 be used for costs of administering the projects. For all projects in this or any previous
10 Capital Outlay Act appropriated to the Department of Transportation and Development, up
11 to six percent of each line-item may be used for costs of administering the projects, or for
12 field engineering/construction supervision. Line-item general obligation bond projects
13 appropriated to the Department of Transportation and Development in this or any previous
14 Capital Outlay Act shall be authorized to draw Transportation Trust Funds from the
15 Highway Program appropriation, for supplemental funding on overruns in excess of the
16 original estimated project cost as determined by the Department of Transportation and
17 Development, provided however that said projects are in the state or federal highway system
18 and in the priority program, and the overrun is less than \$50,000. Any such overrun of
19 \$50,000 or more must be approved by the Joint Legislative Committee on the Budget.
20 Furthermore, all ports, levee districts and other non-state entities must have a fully executed
21 cooperative endeavor agreement, from the Office of Facility Planning and Control,
22 Department of Transportation and Development, or the State Treasurer, whichever is
23 appropriate, before entering into any contracts which obligate state funding; and must follow
24 all laws pertaining to public bidding. If a port, levee district or other non-state entity enters
25 into a contract prior to receipt of funding, or prior to execution of a cooperative endeavor
26 agreement, then payments under such contracts are prohibited from capital outlay
27 appropriations, and are the sole responsibility of the port, levee district, or other non-state
28 entity. Notwithstanding the provisions of this Section or any other capital outlay act,
29 contracts may be entered into for the Atchafalaya Basin Protection and Enhancement
30 Kemper Williams project in St. Mary Parish prior to a cooperative endeavor agreement being
31 entered into with the state. Notwithstanding anything contained in this or any other capital

1 outlay act, contracts may be entered into for the Arts Council of New Orleans Artist Guild
2 project prior to receipt of funding. Notwithstanding anything contained in this or any other
3 capital outlay act, contracts may be entered into for the Natchitoches Industrial Park South
4 project prior to receipt of funding and prior to execution of a cooperative endeavor
5 agreement. For the limited purposes of this Act and any other capital outlay act, the public
6 contract law shall not apply to the Sewer Repair project for the Town of Tickfaw
7 appropriated in Act 28 of the 2007 Regular Session. Notwithstanding anything contained
8 in this Act to the contrary or any other provision of law, contracts may be entered into for
9 the South Toledo Bend Waterworks District Water Treatment and Booster Plant Expansion
10 prior to receipt of funding and prior to execution of the cooperative endeavor agreement.
11 Notwithstanding anything contained in this Act to the contrary or any other provision of law,
12 contracts may be entered into for the Livingston Parish Twenty-First District Complex prior
13 to receipt of funding and prior to execution of the cooperative endeavor agreement.
14 Notwithstanding anything contained in this Act to the contrary or any other provision of law,
15 contracts may be entered into or funds otherwise obligated for the appropriation made for
16 the Franklin Parish Union Church Road in Act 29 of 2008 prior to execution of a cooperative
17 endeavor agreement. Notwithstanding anything contained in this Act to the contrary or any
18 other provision of law, contracts may be entered into or funds otherwise obligated for the
19 appropriation made for the Natchitoches Parish Equipment Purchase (Pothole Patcher) for
20 Road Improvements in Act 28 of 2007 prior to execution of a cooperative endeavor
21 agreement. Notwithstanding anything contained in this Act to the contrary or any other
22 provision of law, the scope of the appropriations made in this or any other Capital Outlay
23 Act for the St. Mary Parish Plantation Pump Station Replacement project shall be deemed
24 to include repair, equipment, rehabilitation and infrastructure improvements at the existing
25 Plantation Pump Station. Notwithstanding anything contained in this Act to the contrary or
26 any other provision of law, the scope of the appropriation made in Act 27 of 2006 for the
27 Campus Development for Delta Community College project shall be deemed to include an
28 economic development initiative. Notwithstanding anything contained in this Act to the
29 contrary or any other provision of law, the scope of the appropriations made in this or any
30 other Capital Outlay Act for the St. Martin Parish I-10 Frontage Road Project shall be
31 deemed to include the planning, designing, and construction of public infrastructure

1 improvements, including but not limited to roadways, water, sewer, lighting, and drainage
2 improvements, adjacent to said frontage roads for the purposes of economic development
3 and job creation as certified and audited by the St. Martin Economic Development
4 Authority. Notwithstanding any other provision of this Act or any other provision of law to
5 the contrary, the scope of the appropriations made in Act 26 of the 2005 Regular Session of
6 the Legislature for Weeks Park Open Air Pavilion project in Iberia Parish shall be deemed
7 to include lighting, bathrooms, concession stand, and park improvements. Notwithstanding
8 any other provision of this Act or any other provision of law to the contrary, the scope of the
9 appropriation made for the Louisiana Leadership Institute shall be deemed to include a
10 multi-purpose education enrichment center, athletic field and band hall and the design
11 professional fees may exceed the state guidelines administrated by the Office of Facility
12 Planning and Control of the Division of Administration. Notwithstanding the provisions of
13 this Act or any other capital outlay act, the "LSU Baton Rouge, Computer Facility, Planning
14 and Construction (East Baton Rouge)" project contained in Act 28 of the 2007 Regular
15 Session, is transferred to the Department of Economic Development. Notwithstanding
16 anything contained in this act to the contrary or any other Act or provision of law, the
17 appropriations made for the Executive Department for facilities which promote economic
18 development included in the Repair, Restoration, and Replacement for Hurricanes Katrina
19 and Rita project, and the Department of Economic Development projects are for public
20 purposes pursuant to the provisions of Article VII, Section 14 of the Constitution of
21 Louisiana primarily for economic development, including the generation of tax revenues,
22 creation of jobs, promotion of tourism, and creation of facilities for charitable, cultural,
23 artistic, educational, social, civic, research, service, economic development activities, or
24 provide facilities for professional golf events, pursuant to the terms of cooperative endeavor
25 agreements, including leases and all expenditures of these appropriations and may be
26 exempted, by the Commissioner of Administration, from all statutes relative to public
27 bidding, contractual review and the provisions of R.S. 33:9029.2(D) and in lieu thereof be
28 allowed to use alternative competitive contracting arrangements where the appropriate
29 administering entity submits documentation to the Commissioner of Administration
30 substantiating that it is in the best interest of the citizens of the state, due to economic and/or
31 operational benefits, and the necessity to complete the projects in a timely manner; and, the

1 appropriate administering entity shall have the authority to directly appoint the design
2 professional from a list of a minimum of three design firms or joint ventures with the
3 appropriate specialized facility design experience submitted to and acceptable to the
4 Commissioner of Administration and shall be exempt from other state requirements for
5 selection of designers, and may include expenditures for computers, fixtures, furniture, and
6 other equipment as such is deemed to be capital outlay in nature, and unless the
7 Commissioner of Administration is advised by bond counsel to the State that such may
8 violate federal tax law, may be used to reimburse any expenditure made prior to the granting
9 of a line of credit or the sale of bonds by the State Bond Commission, determination by the
10 State Treasurer that cash funding has been deposited in the Comprehensive Capital Outlay
11 Escrow Account for the project or the execution of a cooperative agreement from the Office
12 of Facility Planning and Control, and may be used to acquire land or real property, the title
13 to which is held in the name of an entity exempt from taxation under the provisions of Title
14 26, Section 501(c)(3) of the United States Code. Notwithstanding anything contained in this
15 or any other capital outlay act or any other provision of law, the scope of the appropriation
16 to the Louisiana Stadium and Exposition District Board of Commissioners which formerly
17 was described as a NBA Basketball Training Facility shall be deemed to be inclusive of
18 other professional sports facilities for planning, construction, leasehold improvements or
19 acquisitions of such leasehold improvements. Notwithstanding any provision of law to the
20 contrary, the Commissioner of Administration is hereby authorized to take such actions as
21 are necessary, including using such funds as may be available including those appropriated
22 and available under this Act for professional sports facilities through the Louisiana Stadium
23 and Exposition District and that are otherwise available, executing on behalf of the State
24 such documents as are necessary in order to terminate the ground lease between the State
25 and the PGA and thereby acquiring all leasehold improvements for the State, extending the
26 management agreement between the State and the PGA, and extending the sponsorship and
27 presence of the Zurich Classic in the Greater New Orleans area. Notwithstanding anything
28 contained in this or any other capital outlay act, any contract for the repair or restoration of
29 facilities for professional golf events for damages due to Hurricanes Katrina and Rita shall
30 be deemed to have been sole source procurements for purposes of R.S. 39:1597.
31 Notwithstanding anything contained in this or any other capital outlay act, contracts may be

1 entered into for the Tulane National Primate Research Center prior to receipt of funding and
2 prior to execution of a cooperative endeavor agreement and the project is exempted from all
3 statutes relative to public bidding and contractual review and in lieu thereof the appropriate
4 administering entity shall have the authority to directly appoint design professionals and
5 construction managers in accordance with National Institute of Health Design and
6 Construction Guidelines. Notwithstanding anything contained in this act to the contrary or
7 any other provision of law, the appropriations made for the Louisiana Stadium and
8 Exposition District shall be appropriated directly to the Louisiana Stadium and Exposition
9 District, and are public purposes pursuant to the provisions of Article VII, Section 14 of the
10 Constitution of Louisiana primarily for economic development, including the generation of
11 tax revenue, creation of jobs, and the generation of tourism, and may be used to reimburse
12 any expenditure made prior to the granting of a line of credit or the sale of bonds by the State
13 Bond Commission, determination by the State Treasurer that cash funding has been
14 deposited in the Comprehensive Capital Outlay Escrow Account for the project. Contracts
15 for projects funded through this appropriation shall be awarded utilizing the public bid and
16 contractual review process set forth in Chapter 10 of Title 38 and Chapter 16 of Title 39 of
17 the Louisiana Revised Statutes of 1950, except with respect to time requirements, or, in
18 order to encourage competition for the projects funded through this appropriation and to
19 complete the projects in a timely manner, the Louisiana Stadium and Exposition District
20 shall have the authority to select a general contractor through an RFP process whereby
21 general contractors will bid general conditions and contractor's fee based on the direct
22 construction budget. The alternative time requirements shall be approved by the
23 Commissioner of Administration before the awarding of any such contracts. The Louisiana
24 Stadium and Exposition District shall have the authority to directly appoint the design
25 professional from a list of a minimum of three architectural firms or joint ventures with
26 professional sports facility design experience acceptable to the Commissioner of
27 Administration and shall be exempt from other state requirements for selection of designers.
28 The design professional fee shall be in accordance with state guidelines administered by the
29 Office of Facility Planning and Control of the Division of Administration. Eligible expenses
30 for Economic Development Award Program funds may include documented project
31 expenses beginning on the date of LEDC Board approval of the project and may be

1 reimbursed upon execution of the cooperative endeavor agreement for the project. The new
2 Medical Center of Louisiana New Orleans project in Orleans Parish shall be exempt from
3 the state's requirements for selection of designers and the Commissioner of Administration
4 shall have the authority to approve a design professional selection process. The design
5 professional fee shall be in accordance with state guidelines administrated by the Office of
6 Facility Planning and Control of the Division of Administration. The Division of
7 Administration, Office of Facility Planning and Control, with approval of the Commissioner
8 of Administration and the Joint Legislative Committee on the Budget, is authorized to use
9 alternative delivery strategies in implementing the Medical Center of Louisiana New Orleans
10 project and hurricane damage repairs to Southern University at New Orleans. For all
11 projects administered by the Office of Facility Planning and Control and payable from
12 proceeds of self-generated revenues, funds shall be remitted to the Office of Facility
13 Planning and Control for deposit in the state treasury at such time as may be deemed
14 necessary by the Office of Facility Planning and Control in order to cover the amount of
15 contracts or other project expenses. The State Treasurer shall refund to the appropriate
16 source any surplus self-generated funds, advanced insurance funds received by Facility
17 Planning and Control as Interagency Transfer from Office of Risk Management associated
18 with hurricane damage recovery, and interest earned on these funds, provided the Treasurer's
19 Office is notified, when these funds are deposited in the state treasury, that the user agency
20 or Office of Risk Management intends to request a refund of this interest. Any revenue
21 bonds appropriated in Section 1 of this Act shall not be secured by the full faith and credit
22 of the state.

23 Section 9. Notwithstanding any provisions contained herein or any other law to the
24 contrary, the provisions of Chapter 16 of Subtitle III of Title 39 of the Louisiana Revised
25 Statutes of 1950 as amended, shall not apply to architectural and engineering contracts,
26 administered by the Office of Facility Planning and Control, Division of Administration
27 pursuant to this or any other capital outlay act.

28 Section 10. All funds appropriated herein to the Office of Facility Planning and
29 Control, Division of Administration, on behalf of non-state entities, and administered by
30 cooperative endeavor agreements pursuant to this Act shall be expended within two (2) years
31 from the date of the issuance of the bonds. The Office of Facility Planning and Control,

1 Division of Administration, agrees that it will notify the non-state entity of the date the
2 bonds are issued within three (3) months from the issuance thereof. The non-state entity
3 understands and agrees that if the funds appropriated herein and administered under
4 cooperative endeavor agreements pursuant to this Act are not totally expended within two
5 (2) years from the issuance of the bonds, the Office of Facility Planning and Control,
6 Division of Administration, can close the project and recommend that the Legislature
7 reallocate any unexpended proceeds to other projects.

8 Section 11. Notwithstanding any provisions contained herein or law to the contrary,
9 the proceeds of revenue bonds to be utilized to fund certain projects authorized in Section
10 1 hereof may, in accordance with Article VII, Section 9 of the Louisiana Constitution of
11 1974, be deposited in special accounts held outside the state treasury in accordance with the
12 provisions of any bond resolution, indenture, reimbursement contract, or other bond or
13 financing covenant which provides for the pledge of such funds in connection with the
14 issuance of revenue bonds. For all projects administered by the Office of Facility Planning
15 and Control, Division of Administration, authorized in Section 1 hereof which are payable
16 from the proceeds of revenue bonds, only the Office of Facility Planning and Control,
17 Division of Administration, will be authorized to requisition funds from the special accounts
18 described immediately above, at such time or times as may be deemed necessary by the
19 Office of Facility Planning and Control, Division of Administration, in order to cover
20 contract amounts or other project expenses.

21 Section 12. The Governor shall have the power to veto any line-item in this Act.

22 Section 13. Except as otherwise provided herein, no funds shall be expended on any
23 highway projects on highways within the state highway system as defined in R.S. 48:191
24 under the jurisdiction of the Department of Transportation and Development unless and until
25 such project is in the Highway Program, R.S. 48:228 through 232, approved by the Joint
26 Legislative Committee on Transportation, Highways and Public Works.

27 Section 14. The word "statewide" used in place of the specific parish designation for
28 projects contained in this Act indicates that the project or program is applicable to all sixty
29 four parishes in the state. The description of any project in this Act shall be deemed to
30 include planning, design, master planning, studies, permits, surveys, testing, construction,
31 land and/or building/improvement acquisition, reconstruction, renovation, repair, right of

1 way and utilities, site and other improvements, miscellaneous/contingencies, lease hold
2 improvements ultimately owned by the State or a political subdivision of the State,
3 equipment and other acquisitions, and any other component of the project if such are
4 included or indicated in the capital outlay request for such projects required by R.S. 39:101
5 subject to the provisions of Title 39 of the Louisiana Revised Statutes. For new construction
6 or renovation projects, equipment or other acquisitions, which can reasonably be considered
7 necessary for the facility to be functional, may be deemed to be included in the project, even
8 if such equipment or other acquisitions are not included or indicated in the project name or
9 the capital outlay request. When local or federal match is referenced in a project title, but
10 only a portion of the state appropriation is granted a line of credit or otherwise funded, then
11 the amount of local or federal match, required to be made available, may be prorated relative
12 to the amount of state appropriation made available through lines of credit.

13 Section 15. The provisions, items, and projects contained in this Act are severable
14 and if any provision, item, or project contained herein, or the application of any such
15 provision, item, or project, is held invalid, such invalidity shall not affect other provisions,
16 items, projects, or applications of the Act which can be given effect without the invalid
17 provision, project, item, or application.

18 Section 16. Notwithstanding any other provisions of law to the contrary, the State
19 shall not grant cash lines of credit, or authorize or issue general obligation bonds in a
20 principal amount in excess of \$1,586,475,000 for Fiscal Year 2009-2010.

21 Section 17. Notwithstanding the provisions of Act 422 of 1988, which mandates that
22 high rise state buildings must have sprinklers by January of 1999, the deadline is hereby
23 extended until December 31, 2010, to allow the completion of ongoing capital outlay
24 sprinkler installation projects.

25 Section 18. Notwithstanding any contrary provision of this Act or any contrary
26 provision of law, no funds appropriated by this Act shall be released or provided to any
27 recipient of an appropriation made in this Act if, when, and for as long as, the recipient fails
28 or refuses to comply with the provisions of R.S. 24:513. No recipient shall be considered
29 to fail or refuse to comply with the provisions of R.S. 24:513 pursuant to this Section during
30 any extension of time granted by the Legislative Auditor to the recipient to comply. The

1 Legislative Auditor is authorized to grant an extension of time to comply with the provisions
2 of R.S. 24:513 for recipient entities of an appropriation contained in this Act.

3 Section 19. This Act shall become effective upon signature by the Governor or, if
4 not signed by the Governor, upon expiration of the time for bills to become law without
5 signature by the Governor, as provided in Article III, Section 18 of the Constitution of
6 Louisiana. If vetoed by the Governor and subsequently approved by the Legislature, this Act
7 shall become effective on the day following such approval.
